PROFILE

I am currently a fourth year Software Engineering student at the Amsterdam University of Applied Sciences, where I am currently doing a minor Software for Science. Besides studying, I also work part-time at Albert Heijn as a Software Engineer on their innovation projects, such as robot delivery and smart locks.

EXPERIENCE

- | | | |
|-------------------------------|---|----------------------------------|
| 8/2018 – present
part-time | Software Developer
After my internship ended, I got hired to keep working part-time on innovative ideas. During my part-time work, I worked on new and existing projects such as robot delivery, QR-code generator and a wine chatbot.
Kotlin / node.js / Typescript | Ahold Delhaize, Zaandam |
| 2/2018 – 8/2018
internship | Software Developer
For school, I had to do an internship. At Ahold Delhaize, I worked at the Albert Heijn Online Labs department. At this department, I worked with a small team of developers and business to quickly test innovative ideas. I worked on projects such as smart locks, making grocery lists together and new payment methods.
Java / Spring Boot / Vue.js / Android | Ahold Delhaize, Zaandam |
| 2015 – 2018
part time | Sales Employee
Worked in the Hema located in Wormer. I was responsible for checking people out, provisioning and cleaning the store. | Hema, Wormer |
| 11/2016 – 5/2017
part time | IT Support
Worked as an IT Support for customers of StudentAanHuis. Whenever their customers had problems regarding PC, TV, laptop smartphone et cetera, I would go to their house and take care of their IT-related issues. | StudentAanHuis, Bilthoven |

EDUCATION

- | | | |
|----------------|---|---|
| 2016 – present | Bachelor's Degree
Currently in my fourth year of Software Engineering. Finished my first year (propedeuse), worked on numerous school projects with peers and have finished semester on Internet of Things (IoT). I am currently working on a minor Software for Science. | Amsterdam University of Applied Sciences |
| 2011 – 2016 | HAVO Diploma
Finished my Higher General Secondary Education (HAVO) with the Economy and Society profile. | Bertrand Russell College |

HOBBIES

In my free time, I enjoy playing **tennis**. I play a lot of tournaments during the summer and competition during the entire year. Besides that, I like to research into **DevOps** and setting up CI/CD through Kubernetes and Jenkins. Lastly, I play **games** sometimes, even having played an official tournament on location for my student union.

SKILLS

Languages
Java, JavaScript, TypeScript, Kotlin, HTML, CSS, SQL
Frameworks
Spring Boot, Express, Vue, Sequelize
Tools
Docker (Swarm), Jenkins, Kubernetes, Git
Other
Scrum, Lean Startup, Android Development

LANGUAGES

Dutch - native
English - proficient
German - beginner
